MODEL 1115

\$99.95 (each)

Enjoy brilliant sound reproduction from this 4-speaker, 3-way unit. It has a 10" woofer which provides low-distortion response down to 25 cps. Two special mid-range units give smooth sound, free from coloration. The ultra-tweeter extends the high end to extreme limits, so an overall frequency range of 25 to 20,000 cps is achieved. A critically engineered crossover network comes in at 2,000 and 10,000 cps. Rear-mounted treble contour control. Beautiful oiled walnut cabinet; eggshell grille cloth.

DIMENSIONS: 23 $\frac{3}{4}$ " x 11 $\frac{3}{4}$ " x 13 $\frac{1}{2}$ "; IMPEDANCE: 8 to 16 ohms; MAXIMUM CAPACITY: 25 watts.

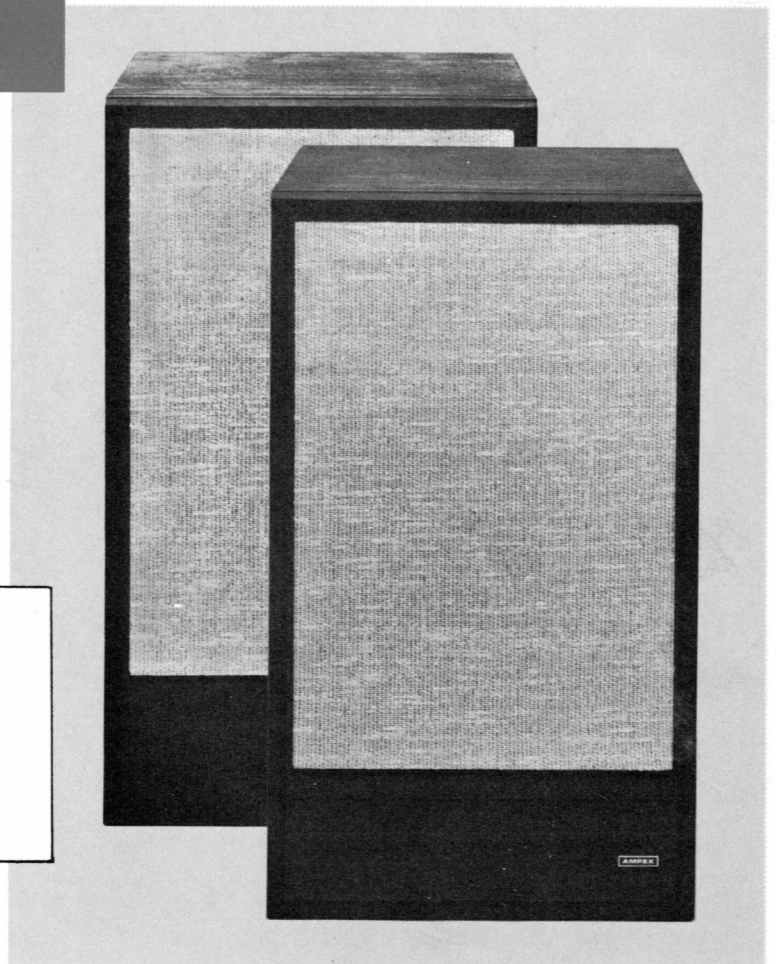

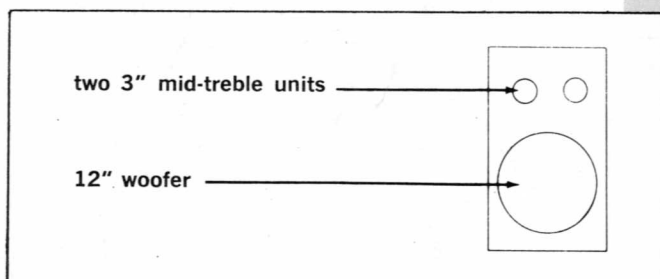

MODEL 2115

\$129.95 (each)

Heavy duty 12" woofer and two mid-treble units provide high power capacity, superb transient control and exceptionally clean bass response in the critical 30-50 cps area. Requires only 3 watts of input audio drive; handles up to 50 watts IHFM of audio music. Virtually flat response from 30 to 20,000 cps. L.C. crossover network at 1,800 and 5,000 cps. Continuously variable treble control customizes the sound for you. Rich, oil-finished walnut cabinet; eggshell grille cloth.

DIMENSIONS: 24" x 14" x 12"; IMPEDANCE: 8 to 16 ohms; MAXIMUM CAPACITY: 50 watts.

SPEAKER SYSTEMS

MODEL 3010

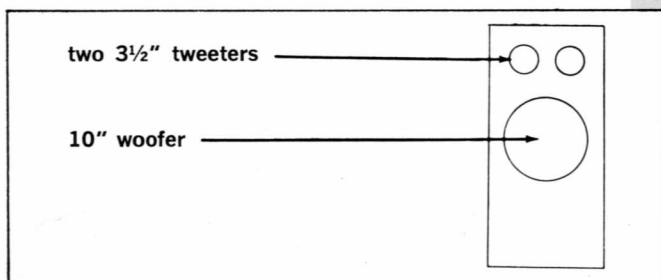

\$149.95 (each)

The blend of highs and lows achieved in the design of this speaker provides an amazingly lifelike sound! Unique positioning of the two 3½" tweeters directs the high frequencies throughout the room; the 10" woofer is acoustically suspended and cushioned by fiberglass for full, clean bass response. Rear-mounted high-frequency control for a variable balance between treble and bass. Crossover network at 2,000 cps. Beautifully finished walnut cabinet with rust-color grille.

MODEL 3011 With cane Grille

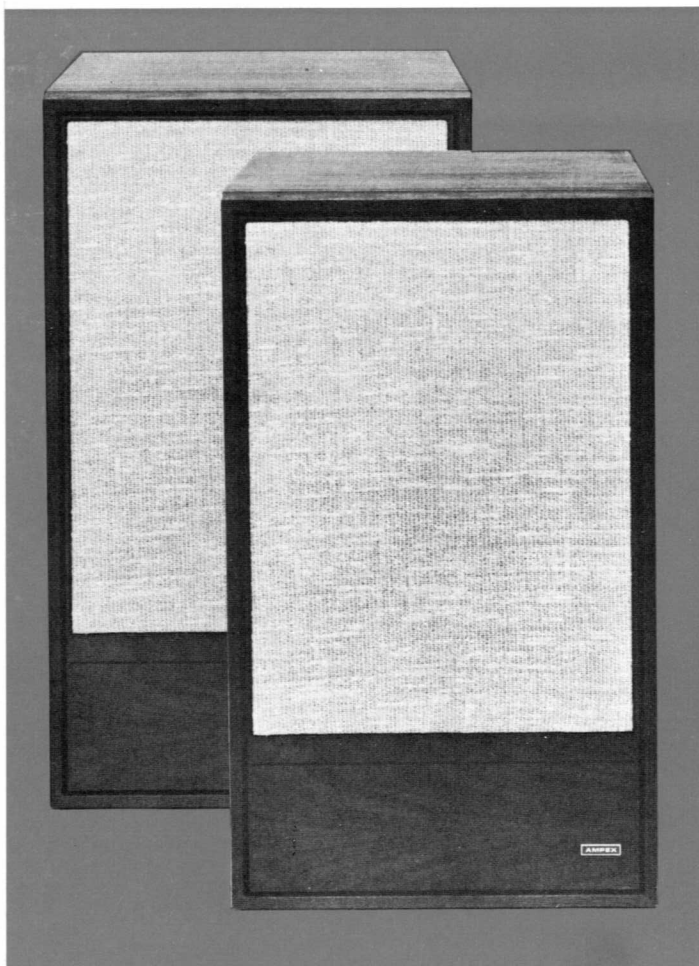

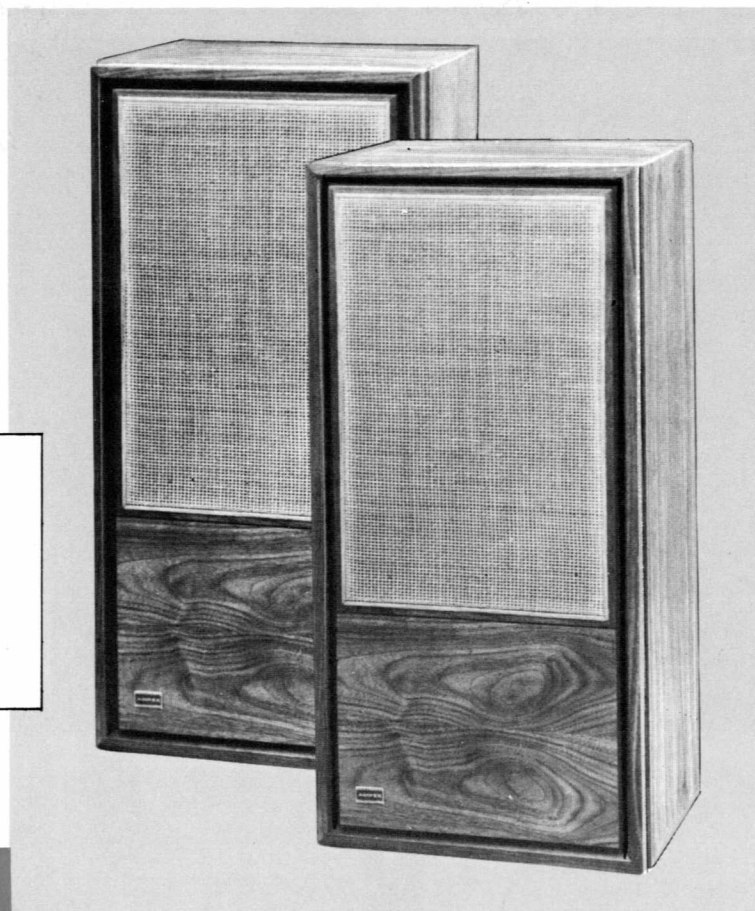

\$149.95 (each)

DIMENSIONS: 28½" x 13½" x 11½"; IMPEDANCE: 8 to 16 ohms; MAXIMUM CAPACITY: 25 watts.

MODEL 4010

\$189.95 (each)

Flawless perfection in a compact speaker system! The highly sophisticated design brings you ideal performance. Extended bass response from 30 cps at a distortion level below 3%! Contributing to this magnificent achievement is a heavy-duty 12" acoustically suspended woofer with 9½ lb. ceramic magnet structure; two shielded back-loaded mid-treble wide-dispersion radiators; and a dome lens multicellular ultra-high horn tweeter. 3-way L.C. crossovers at 1,800 and 8,000 cps. Two continuously variable controls for mid and treble ranges. Oiled walnut cabinet with decorator front panel gives the 4010 an appearance as distinguished as its performance!

DIMENSIONS: 24" x 14" x 12"; IMPEDANCE: 8 to 16 ohms; MAXIMUM CAPACITY: 75 watts.
